

Metabolic Cleanse™

Delicious Natural Vanilla Flavored Protein Beverage Vegetarian Formula

DESCRIPTION

Metabolic Cleanse™ Vegetarian is a unique dietary supplement featuring beneficial amounts of rice and pea proteins synergistically blended with essential amounts of vitamins, minerals, antioxidants and other nutrients important for the healthy maintenance of the entire gastrointestinal tract. It is designed to be a complete plant-based protein formula, perfect for detoxification, and now in a delicious, natural vanilla flavor sweetened with organic coconut palm sugar. It provides beneficial amounts of L-Glutamine and FOS (fructooligosaccharides) for their important roles in proper gastrointestinal maintenance. Increased N-acetyl L-cysteine and grape seed extracts have been added for their valuable antioxidant roles they provide in the body. Metabolic Cleanse™ contains no artificial colors or preservatives and is lactose, gluten, heavy metal and pesticide-free.

FUNCTIONS

Detoxification

The health of the gastrointestinal system has a tremendous effect on the body. Everything that is consumed, including foods, beverages, and pharmaceuticals must pass through the gastrointestinal tract. A wide array of chemicals can exist in or on what is consumed, and the body must convert all of them to harmless byproducts for elimination. In certain individuals, this can cause their gastrointestinal system to be stressed, leading to many common complaints, such as bloating, intestinal upset, tiredness, aching joints and general sense of feeling unwell. Metabolic Cleanse™ has been specifically designed for people who wish to use a detoxification protocol free of dairy and soy ingredients and to facilitate the elimination of stress-causing chemicals in the gastrointestinal tract.

Amino Acids

The dietary protein provided by Metabolic Cleanse™, in the forms of pea and rice proteins, supply essential amino acids that participate in all of the body's metabolic and physiologic systems including the intestines, skeletal muscles, and the cardiovascular, nervous, and immune systems. Since the majority of these amino acids is not made by the body and must be obtained from food sources, it is critical that one obtains these amino acids from food sources daily.

L-Glutamine

The amino acid glutamine plays a key role in the metabolism, structure, and function of the entire gastrointestinal (GI) tract, and its extensive immune system. Glutamine is perhaps the major energy source for intestinal cells, and under conditions of physiological stress the GI tract benefits greatly from extra dietary glutamine. Glutamine is the most abundant amino acid found in blood, and is a vehicle for nitrogen transport. Glutamine-consuming tissues, such as the GI tract, the liver, and the immune system, use glutamine for the synthesis of nucleotides, proteins, and amino sugars. Glutamine carries potentially toxic ammonia to the kidneys for excretion, and participates in maintaining normal acid-base balance.

During physiological stress, such as starvation, physical trauma, surgery, or inflammatory bowel disease, the intestinal tract uses very large amounts of glutamine and very little glucose for energy. This often results in a fall of blood glutamine, and skeletal muscle is broken down to supply more glutamine.

FOS prebiotic

FOS (fructooligosaccharides) are carbohydrates that pass through the small intestine into the colon without being digested or absorbed. Once in the colon, FOS selectively feeds the beneficial symbiotic bacteria, such as *Lactobacillus acidophilus*, *Bifidobacteria*, and other acid-producing bacteria. Regular consumption of FOS has been shown to support healthy levels of these beneficial bacteria in the colon. This in turn creates a slightly acidic environment in the colon that is inhospitable to potentially harmful bacteria and other microorganisms.

Vitamins and Minerals

Metabolic Cleanse™ also supplies 25% of the nutrition found in Ultra Preventive® III, a comprehensive, highly

Metabolic Cleanse™
Delicious Natural Vanilla Flavored Protein Beverage Vegetarian Formula

concentrated vitamin-mineral-trace element supplement containing more than 30 essential nutritional ingredients. It is a potent antioxidant formula with beta-carotene and natural vitamin E; a high-potency B-complex supplement; a significant source of bioavailable calcium and magnesium; and a full-spectrum trace element supplement.

Antioxidants

To provide complete support for gastrointestinal health, Metabolic Cleanse™ has been specially formulated to include important antioxidants and fundamental sulfur from MSM®. Proanthocyanidins from grape seed extracts are among the most powerful natural free-radical scavengers yet discovered. As such, proanthocyanidins have their own unique place in the body's overall protection against harmful free radical damage. Proanthocyanidins appear to be especially effective in neutralizing highly reactive hydroxyl and singlet oxygen radicals. Both of these reactive oxygen species are involved in inflammatory processes. N-Acetyl L-Cysteine provides important antioxidant properties as a precursor to glutathione synthesis. Dietary MSM® serves as a versatile donor of metabolically active sulfur for the synthesis of numerous organosulfur compounds and proteins in the body. As such, MSM® helps maintain normal immune response, lung function, connective tissue metabolism, and muscle contraction.

Coconut Palm Sugar

Coconut palm sugar is made from the nectar produced from the coconut tree. Once collected, it is boiled and processed into a granule. Coconut palm sugars produce slow release energy, which sustains the human body through your daily activities without regular sugar "highs", and "lows". It is naturally low on the glycemic index scale, rated as GI 35. Coconut palm sugar has a nutritional content far richer than all other commercially available sweeteners. It is especially high in Potassium, Magnesium, Zinc and Iron and is a natural source of the vitamins B1, B2, B3, B6 and C. It's also very rich in other minerals and enzymes which aid in the slow absorption into the bloodstream.

INDICATIONS

Metabolic Cleanse™ is a nutritious dietary supplement for individuals who wish to supplement their diet with protein, vitamins, minerals, amino acids, and other nutrients that can have a beneficial effect on the detoxification and gastrointestinal system.

FORMULA (#57468)

One Scoop (approx. 39.9 g) Contains:

Calories	150
Calories from Fat	35
Total Fat	4 g
Saturated Fat	4 g
Cholesterol	3 g
Sodium	70 mg
Total Carbohydrate	15 g
Dietary Fiber	2.5 g
Sugars	5 g
Protein	16 g
Vitamin A/Beta Carotene Complex	6300 I.U.
Vitamin C	265 mg
Vitamin D3	500 I.U.
Vitamin E (as d-alpha tocopheryl)	00 I.U.
Thiamine (Vitamin B-1)	25 mg
Riboflavin (Vitamin B-2)	12 mg
Niacin/Niacinamide	44 mg

Metabolic Cleanse™
Delicious Natural Vanilla Flavored Protein Beverage Vegetarian Formula

Vitamin B-6	25 mg
(as Pyridoxine HCL and Pyridoxal-5-Phosphate)	
Folic Acid	205 mcg
Vitamin B-12	25 mcg
Biotin	75 mcg
Pantothenic Acid	125 mg
Calcium.....	145 mg
(Citrate/Ascorbate/Carbonate complex)	
Iodine (Kelp)	45 mcg
Phosphorus (from Pea protein)	50 mg
Magnesium	125 mg
(Aspartate/Ascorbate/Oxide complex)	
Zinc (Amino Acid Chelate)	5 mg
Manganese (Aspartate/Sulfate complex)	4.8 mg
Chromium (GTF)	45 mcg
Molybdenum (Krebs)	23 mcg
Potassium (Aspartate/Chloride Complex)	45 mg
Boron (Aspartate/Citrate complex)	350 mcg
Vanadium (Krebs)	11.5 mcg
N-Acetyl L-Cysteine/L-Cysteine Complex	46 mg
Betaine HCl	35 mg
Choline (Citrate/Bitartrate)	35 mg
Bioflavonoids	23 mg
Inositol	23 mg
PABA (para-aminobenzoic acid)	12 mg
L-Methionine	3 mg
Glutamic Acid HCl	5 mg
Trace minerals (from sea vegetation)	20 mcg
L-Glutamine	500 mg
Proprietary Blend	275 mg
N-Acetyl L-Cysteine, Grape Seed Extract(standardized), MSM® (Methylsulfonylmethane), Red Wine Proanthocyanidins	

Typical Amino Acid Profile:

Alanine	760 mg
Aspartic acid	1570 mg
Arginine	1280 mg
Cysteine	180 mg
Cystine	80 mg
Glutamic acid	2660 mg
Glycine	660 mg
Histidine	360 mg
Isoleucine	680 mg
Leucine	1280 mg
Lysine	750 mg
Methionine	300 mg
Phenylalanine	850 mg
Proline	640 mg
Serine	800 mg
Threonine	580 mg
Tyrosine	690 mg

Metabolic Cleanse™**Delicious Natural Vanilla Flavored Protein Beverage Vegetarian Formula**

Tryptophan 180 mg

Valine 800 mg

Other ingredients: Rice protein isolate, pea protein, medium-chain triglycerides, organic coconut palm sugar, rice syrup, natural vanilla flavor, and FOS (fructooligosaccharides).

SUGGESTED USE

Adults take 1 scoop 1-2 times a day or as directed by a health care professional. Add scoop to 8-10 ounces of water or other liquid. Blend well.

SIDE EFFECTS

No adverse effects have been reported.

STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
