**Nature’s Diet Caps +™**

**Weight management support**

**DESCRIPTION**
Nature’s Diet Caps +™, provided by Douglas Laboratories®, is a combination of an herb and a mineral specifically designed to support sensible weight management programs such as those involving consistent, moderate dietary restriction and regular exercise.

**FUNCTIONS**
Each capsule of Nature’s Diet Caps +™ delivers 250 mg of (-)hydroxycitric acid from 500 mg of a high-quality, standardized *Garcinia cambogia* extract. This natural extract comes from a tropical fruit grown in several Asian rain forest areas. Research shows that (-)hydroxycitric acid helps maintain a healthy balance of hepatic lipogenesis and gluconeogenesis, thus preventing excessive conversion of glucose from dietary carbohydrate into body fat. Further, research indicates that (-)hydroxycitric acid plays an important role in the regulation of normal appetite. Unlike many commonly used diet ingredients, (-)hydroxycitric acid is not a central nervous stimulant. Chromium is also provided at a significant level by Nature’s Diet Caps +™. This essential trace mineral potentiates insulin action and thus influences carbohydrate, protein, and fat metabolism. In its biologically active form, sometimes called glucose tolerance factor (GTF) from brewer’s yeast, chromium is associated with nicotinic acid (vitamin B-3). Chromium polynicotinate closely resembles the brewer’s yeast GTF in both biological activity and chemical composition as it also contains chromium associated with nicotinic acid. Chromium polynicotinate is yeast-free and has documented high bioavailability. The typical dietary chromium intake in the U.S. can vary considerably depending on eating habits. Most self-selected diets contain less than 50 mcg per day, which is below the minimum of the Estimated Safe and Adequate Daily Dietary Intake established by the National Research Council, Food and Nutrition Board.

**INDICATIONS**
Nature’s Diet Caps +™ capsules may be a useful dietary supplement for those who wish to successfully manage their weight.

**FORMULA (#7441)**
Each Capsule Contains:
- *Garcinia Cambogia CITRIMAX* ........................................ 500 mg
- supplying 250 mg of (-)hydroxycitric acid (HCA)
- *Chromium GTF (Polynicotinate)* ..................................... 100 mcg

**SUGGESTED USE**
Adults take 1 capsule with 8 ounces of pure water 1/2 to 1 hour before each meal or as directed by physician.

**SIDE EFFECTS**
No adverse side effects have been reported.

**STORAGE**
Store in a cool, dry place, away from direct light. Keep out of reach of children.
