

# ANTI-AGING SUPPORT

ADVANCED NUTRITIONAL RECOMMENDATIONS FOR ANTI-AGING SUPPORT†

## **Xtra-Cell® Anti-Aging Support:**

A frozen liquid extract to help support healthy aging, consisting of specific proteins, peptides and other cell-signaling molecules obtained from aqueous extracts of porcine adrenal, thymus and mesenchyme tissues as well as a specialized marine liquid cartilage extract.†

**Product Code:** 99460      **Suggested Usage:** One bottle daily

## **Xtra-Cell® Mesenchyme:**

A frozen liquid extract to support healthy overall homeostasis, energy production, joint and connective tissue functions that consists of specific proteins, peptides and other cell- signaling molecules obtained from an aqueous extract of embryonic fetal mesenchyme tissue.†

Mesenchyme is embryonic connective tissue composed of pluripotent cells, or cells that are undifferentiated and have the ability to evolve into almost any type of cell.†

**Product Code:** 99456      **Suggested Usage:** One bottle weekly

## **L-Carnosine (500 mg.):**

L-Carnosine is a naturally occurring dipeptide comprised of the amino acids alanine and histidine. It is present in the body, concentrated mainly in the brain, skeletal and heart muscles.

**Product Code:** 98731      **Suggested Usage:** One capsule daily

## **Coffee Granate Forte:**

Antioxidant compounds found in pomegranates have been the focus of significant research. Compounds including punicalagins, punicalin, and ellagic acid have been implicated in supporting overall health and cardiovascular function.† Coffee Granate Forte combines a pomegranate extract containing these compounds with a unique extract from coffee fruit. Coffeeferry is a novel extract from the coffee fruit, which surrounds the coffee bean and provides powerful antioxidants including chlorogenic, caffeic and ferulic acids. The combination of these two extracts creates a unique, antioxidant-rich product to support general as well as cardiovascular health.

**Product Code:** 99448      **Suggested Usage:** One vegetarian capsule daily

## **Collagen Forte:**

Collagen Forte supplies significant amounts of Vitamin C, L-Lysine, and L-Proline in capsule form to help support healthy collagen synthesis.† Vitamin C, a powerful antioxidant, is essential for the synthesis of collagen, a building material of connective tissues.† L-Lysine and L-Proline are two very important amino acids that play important physiological roles in collagen formation.†

**Product Code:** 99077      **Suggested Usage:** Five capsules daily

## **R-Lipoic Acid:**

Alpha-lipoic acid is a nutritional coenzyme that participates in the metabolism of proteins, carbohydrates, and fats, and plays a particularly important role in blood glucose utilization.† R-Lipoic acid also functions as an antioxidant that can scavenge free radicals.† The R-lipoic acid isomer used in this formulation is provided in a stabilized form as potassium-R-lipoate and does not contain any S-lipoic acid.

**Product Code:** 99470      **Suggested Usage:** One vegetarian capsule daily
