

DETOXIFICATION SUPPORT

ADVANCED NUTRITIONAL RECOMMENDATIONS FOR DETOXIFICATION SUPPORT†

Xtra-Cell® Thymus:

A frozen liquid extract to support healthy immune function consisting of a broad range of thymic proteins, peptides and other cell-signaling molecules obtained from an aqueous extract of porcine thymus tissue.†

Product Code: 99455 **Suggested Usage:** One to two bottles weekly

Xtra-Cell® Zepatix:

A frozen liquid extract to help support healthy liver and immune function that consists of specific proteins, peptides and other cell-signaling molecules obtained from aqueous extracts of porcine thymus, liver and spleen tissues.†

Product Code: 99462 **Suggested Usage:** One bottle daily

Ultra-D Tox™:

Before liver detoxification, it is helpful to detoxify the intestine to limit the reabsorption of the toxins which will be eliminated by the liver. Ultra-D Tox capsules provide bentonite powder, psyllium powder, *Lactobacillus acidophilus*, deodorized garlic, celery powder, aloe vera powder, prune concentrate, mint, flax seed powder, barley, chlorella, anise, vitamin C, bromelain and magnesium citrate to support healthy detoxification.

Product Code: 7594 **Suggested Usage:** One capsule, three times daily

BroccoSabi™:

Certain naturally occurring compounds have the ability to stimulate the body's detoxification pathways, including a group of compounds called isothiocyanates (ITCs).† Found primarily in cruciferous vegetables, including broccoli and cauliflower, ITCs are recognized for the important roles they play in the body's antioxidant and detoxifying processes. BroccoSabi provides unique ITCs found in true Japanese wasabi together with a specially standardized broccoli sprout concentrate.

Product Code: 99245 **Suggested Usage:** Two vegetarian capsules daily

Livdetox™:

A synergistic blend of nutrients for detoxifying and supporting liver health.

Product Code: 7600 **Suggested Usage:** Three tablets daily

R-Lipoic Acid:

Alpha-lipoic acid is a nutritional coenzyme that participates in the metabolism of proteins, carbohydrates, and fats, and plays a particularly important role in blood glucose utilization.† R-Lipoic acid also functions as an antioxidant that can scavenge free radicals.† The R-lipoic acid isomer used in this formulation is provided in a stabilized form as potassium-R-lipoate and does not contain any S-lipoic acid.

Product Code: 99470 **Suggested Usage:** One vegetarian capsule daily
