

JOINT HEALTH SUPPORT

ADVANCED NUTRITIONAL RECOMMENDATIONS FOR JOINT SUPPORT†

Xtra-Cell® Joint Support:

A frozen liquid extract to help support energy and adrenal function consisting of specific proteins, peptides and other cell-signaling molecules obtained from porcine adrenal and mesenchyme tissues.†

Product Code: 99459 **Suggested Usage:** One bottle daily

Xtra-Cell® Mesenchyme:

A frozen liquid extract to support healthy overall homeostasis, energy production, joint and connective tissue functions that consists of specific proteins, peptides and other cell-signaling molecules obtained from an aqueous extract of embryonic fetal mesenchyme tissue.†

Mesenchyme is embryonic connective tissue composed of pluripotent cells, or cells that are undifferentiated and have the ability to evolve into almost any type of cell.†

Product Code: 99456 **Suggested Usage:** One bottle weekly

Wobenzym® N:

This well known, clinically studied enzyme preparation is designed to promote healthy joints and muscles, support healthy circulation, strengthen the immune system and support healthy aging.†

Product Code: 99975 **Suggested Usage:** Three tablets, Two times daily at least 45 minutes before meals

Flex H.A.™:

As joints age, hyaluronic acid, the fluid that provides lubrication between joints and connective tissue, can begin to break down, lose its bulkiness or leak from the joints.† Each Flex H.A. tablet contains 30 mg. of non-animal hyaluronic acid to support healthy joint function.†

Product Code: 99154 **Suggested Usage:** One to two tablets daily

Resvera-Gold®:

Resvera-Gold is a synergistic blend of herbs, including resveratrol - a derivative of grape vine shoots, designed to help modulate the body's normal response.† Many ingredients found within this formula can naturally support the activity of enzymes such as cyclooxygenase-2.†

Product Code: 8500 **Suggested Usage:** Two vegetarian capsules daily

Ultra Joint Forte:

Ultra Joint Forte contains a synergistic and comprehensive blend of nutrients formulated to support and maintain healthy cartilage and connective tissues, including glucosamine - an integral component of all connective tissues, chondroitin sulfate - important for the synthesis and maintenance of connective tissue in the cartilage matrix, MSM® contains sulfur which is essential for the structural integrity and function of all proteins in the body, and astaxanthin - a natural carotenoid to support the body's normal response.†

Product Code: 99075 **Suggested Usage:** Three tablets daily
