Suggested Use:

As a dietary supplement, adults take 1 lozenge every two hours while awake, or as directed by your healthcare professional. Allow to dissolve completely in the mouth. Do not exceed 10 lozenges per day. Children over the age of 4 years may use half the adult dose. Prolonged use of more than seven days in a row is not recommended. Consult your physician if you wish to prolong use or increase the frequency. When used on a regular basis, 1 or 2 lozenges per day may be taken for extended periods.

KEEP OUT OF REACH OF CHILDREN.

For optimal storage conditions, store in a cool, dry place.
(59°-77°F/15°-25°C) (35-65% relative humidity)
Tamper resistant package, do not use if outer seal is missing.
