

# Turmeric Max-V

## DESCRIPTION

Turmeric Max-V, provided by Douglas Laboratories, supplies 100 mg of turmeric in each vegetarian capsule.

## FUNCTIONS

Turmeric (*Curcuma longa*) is a traditional spice and herb used in India. Its bright yellow-orange color is recognizable in many Indian food dishes. Traditionally, Ayurvedic medicine has used turmeric to support proper ocular and gastrointestinal function.

Studies have shown that curcumin, a naturally occurring biologically active group of compounds from turmeric, can function as efficient antioxidants and can help regulate the body's normal response to inflammatory processes. Turmeric's powerful antioxidant properties are also thought to play a role in supporting neurological and cardiovascular function.

## INDICATIONS

Turmeric Max-V may be a useful dietary adjunct for individuals wishing to supplement with turmeric.

## FORMULA (#77377)

### 1 Vegetarian Capsule Contains:

Turmeric ..... 100 mg  
(standardized to 95% curcuminoids)

In a 100 mg base of non-standardized turmeric

## SUGGESTED USE

Adults take 1 capsule daily with meals or as directed by physician.

## SIDE EFFECTS

No adverse side effects reported.

## STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
