

Aloe Vera Juice Tablets

DESCRIPTION

Aloe Vera Juice tablets, provided by Douglas Laboratories, supplies 750 mg of pure aloe vera juice concentrate powder in each tablet.

FUNCTIONS

Aloe is a native plant of Africa that has been traditionally used a topical preparation for burns and wounds. The thick mucilaginous juice found inside the leaves is thought to have a cooling, soothing effect on the skin. The juice when taken internally is thought to play important roles in supporting the gastrointestinal system and proper bowel maintenance.

INDICATIONS

Aloe vera juice tablets may be a useful dietary supplement for individuals wishing to support proper gastrointestinal function.
