

Ultra Glucose Support Pack

DESCRIPTION

Ultra Glucose Support Pack is a comprehensive combination of vitamins, minerals, coenzyme Q-10, antioxidants, omega 3 fish oil and other important nutrients designed to support blood glucose levels, cardiovascular health, and healthy aging. †

INDICATIONS

- Ultra Glucose Support Pack may be a useful dietary supplement for individuals wishing to support healthy blood sugar metabolism. †

FUNCTIONS

Fluctuations in glucose metabolism can impact the degree of glycation present in the body. Advanced glycation end products (AGEs) are proteins or lipids that become glycated after exposure to sugars, and can be a result of the normal aging process. The presence of AGEs in various cell types can affect extracellular and intracellular structure and function. Antioxidants can play an important role in helping to support already healthy blood glucose metabolism. †

Proanthocyanidins are a class of potent antioxidants found in pine bark extract, grape seed extract, resveratrol and many other plants. OPC (oligomeric proanthocyanidins) has been shown to neutralize free radicals, support the strength and structure of blood vessels, and support the normal physiological response.

MegaNatural® BP Grape seed extract is different from other grape seed extracts and made by a patented water extraction process that yields over 90% proanthocyanidins. Alpha lipoic acid (ALA) is another antioxidant among the well-researched nutrients for support of peripheral nerve function. ALA may normalize nitric oxide levels to support increased circulation to the neurons. N-acetyl-L-cysteine is a potent antioxidant, serving as an intracellular precursor of glutathione. Since nearly all cellular activities are dependent upon energy, coenzyme Q-10 is essential for the health of all human tissues and organs. Coenzyme Q-10 is a naturally-occurring antioxidant nutrient which impedes free radical formation in biological systems.

BenfoPure® is a unique proprietary form of Benfotiamine, a fat-soluble form of Vitamin B-1 Thiamine. Studies show that BenfoPure® Benfotiamine is significantly more bioavailable than traditional forms of Vitamin B-1 or thiamine. Benfotiamine supports the body through blocking biochemical pathways by which high blood sugar damages cells. Benfotiamine maintains normal endothelial function by reducing the risk of AGEs, which is associated with optimal cardiovascular health. †

Chromium is an integral component of the glucose tolerance factor (GTF) and is essential for proper glucose metabolism. Adequate chromium nutrition is essential for the formation of GTF and the healthy metabolism of blood glucose. †

Gymnema sylvestre is a botanical that supports healthy intestinal glucose absorption. Research suggests that the trace element vanadium may have unique activity within a number of physiological systems including lipid and carbohydrate metabolism. Biotin serves as a cofactor of glucose metabolism and induces glucokinase, an enzyme that encourages cells to retain glucose for energy production rather than release it into the blood stream.

Lutein, lycopene, zeaxanthin, and astaxanthin are carotenoid antioxidants for macular health. Pterostilbene, a methylated form of resveratrol is another potent antioxidant and has been clinically studied for cardiovascular, blood sugar, cognitive and longevity support. †

EPA and DHA acids also participate in the regulation of already healthy blood pressure and normal blood lipid levels. The benefits of omega-3 fatty acids continue to emerge and numerous health organizations around the world recommend adequate daily intake of EPA and DHA. Data continues to accumulate that supports EPA and DHA in overall health, specifically cardiovascular and mood. †

Ultra Glucose Support Pack

FORMULA (#66872-60X)

1 AM Pack contains (2 capsules, 2 tablets, 1 softgel):

Calories from Fat.....	10
Total Fat	1.25 g
Vitamin A (as natural beta-carotene).....	2,500 IU
Vitamin C (as Ascorbic Acid).....	60 mg
Vitamin D-3.....	1,500 IU
Vitamin E (as d-alpha tocopheryl succinate).....	50 IU
Thiamine (as Thiamine HCl).....	37.5 mg
Riboflavin (as Riboflavin-5-phosphate)	5 mg
Niacin/Niacinamide.....	15 mg
Vitamin B-6 (as Pyridoxal-5-phosphate).....	5 mg
Folate (as L-methylfolate, Metafolin®).....	200 mcg
Vitamin B-12 (as methylcobalamin).....	125 mcg
Biotin	1,400 mcg
Pantothenic Acid	12.5 mg
(d-calcium pantothenate)	
Calcium (as Calcium Citrate/Malate Complex).....	25 mg
Magnesium (as Magnesium Citrate)	12.5 mg
Iodine (from kelp)	75 mcg
Zinc (as Opti-Zinc®, monomethionine).....	7.5 mg
Selenium (as amino acid chelate)	50 mcg
Copper (as amino acid chelate)	0.5 mg
Chromium (as amino acid chelate/polynicotinate).....	460 mcg
Molybdenum (as amino acid chelate).....	50 mcg
Potassium (as Potassium Aspartate)	15 mg
Omega-3 Supercritical CO ₂	
Triglyceride Concentrate	1,250 mg
Providing:	
EPA (Eicosapentaenoic Acid).....	600 mg
DHA (Docosahexaenoic Acid)	400 mg
Coenzyme Q-10	60 mg
Red Wine Proanthocyanidins (fruit).....	5 mg
Alpha-Lipoic Acid.....	150 mg
N-Acetyl-L-Cysteine	250 mg
<i>Gymnema sylvestre</i> leaf,	200 mg
dried extract, min. 25% gymnemic acids	
Vanadium (from Vanadium Sulfate).....	250 mcg
Choline (as Choline Bitartrate)	30 mg
Inositol	12.5 mg
Lutein.....	1.5 mg
Lycopene (natural)	1.5 mg
Zeaxanthin.....	0.5 mg
Astaxanthin.....	0.5 mg
Pterostilbene (methylated resveratrol, pTeroPure™).....	5 mg

1 PM Pack Contains (2 capsules, 2 tablets):

Vitamin A (as natural beta carotene).....	2,500 IU
Vitamin C (as Ascorbic Acid).....	60 mg
Vitamin D-3.....	500 IU
Vitamin E	50 IU
(as d-alpha tocopheryl succinate)	
Thiamine (as Thiamine HCl/thiamine pyrophosphate)	
.....	37.5 mg
Riboflavin (as Riboflavin-5-phosphate)	5 mg
Niacin/Niacinamide.....	15 mg
Vitamin B-6 (as Pyridoxal-5-phosphate).....	30 mg
Folate (as L-methylfolate, Metafolin®).....	200 mcg
Vitamin B-12 (as methylcobalamin).....	125 mcg
Biotin	1,400 mcg
Pantothenic Acid	12.5 mg
(d-calcium pantothenate)	
Calcium	25 mg
(as Calcium Citrate/Malate Complex)	
Magnesium (as Magnesium Citrate)	12.5 mg
Iodine (from kelp)	75 mcg
Zinc (as Opti-Zinc®, monomethionine).....	7.5 mg
Selenium (as amino acid chelate)	50 mcg
Copper (as amino acid chelate)	0.5 mg
Chromium.....	460 mcg
(as amino acid chelate/polynicotinate)	
Molybdenum (as amino acid chelate).....	50 mcg
Potassium (as Potassium Aspartate)	15 mg
Benfotiamine (as BenfoPure®).....	150 mg
MegaNatural®-BP	
Grape Seed Extract.....	25 mg
(<i>Vitis vinifera</i>) (standardized to 90% polyphenols)	
Enzogenol® Pine Bark Extract	10 mg
Alpha-Lipoic Acid.....	200 mg
N-Acetyl-L-Cysteine	250 mg
<i>Gymnema sylvestre</i> leaf,	200 mg
dried extract, min. 25% gymnemic acids	
Vanadium (from Vanadium Krebs†).....	250 mcg
Choline (as Choline Bitartrate)	30 mg
Inositol	12.5 mg
Lutein.....	1.5 mg
Lycopene (natural)	1.5 mg
Zeaxanthin.....	0.5 mg
Astaxanthin.....	0.5 mg
Pterostilbene (methylated resveratrol).....	5 mg
Proprietary Blend.....	150 mg
Wild Blueberry Extract (fruit, <i>Vaccinium angustifolium</i> , standardized to 4% polyphenols), Strawberry Extract (fruit, <i>Fragaria vesca</i> , standardized to 2% polyphenols), Spinach Extract (leaf, <i>Spinacia oleracea</i> , standardized to 1.5% polyphenols)	

Other ingredients: Cellulose, gelatin (capsule, from fish [Tilapia]), hydroxypropyl methylcellulose (capsule), dicalcium phosphate, vegetable stearate, silica, stearic acid, titanium dioxide, dextrose, magnesium silicate, glycerin, water, rosemary extract (leaf), caramel color and natural vanilla flavor.

*This product contains fish oil (anchovies, sardines, mackerel).

Ultra Glucose Support Pack

SUGGESTED USE

Adults take 1 AM pack in the morning with a meal and 1 PM pack in the evening with a meal, or as directed by your healthcare professional.

SIDE EFFECTS

No adverse effects have been reported.

STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
