

Douglas Laboratories® offers QÜELL® Fish Oil, a suite of ultra-pure omega-3 fish oils that provides a concentrated triglyceride form of omega fatty acids. A growing body of scientific evidence supports the triglyceride (or re-esterified triglyceride) form of these fatty acids as exhibiting greater absorption (compared to the ethyl ester form), significantly increasing the index of EPA and DHA in the blood. QÜELL® Fish Oil softgels utilize supercritical CO₂ extraction technology, yielding oil that is protected from oxidation, microbiological contamination, solvent residues and isomer formation.

Ultra Concentration & Ultra Purity

Formulations	Features	Omega Fatty Acid Dosage Per Serving	Benefits [‡]	Daily Dose Suggestion
QÜELL® Fish Oil EFA Plus	Essential fatty acids of Omega-3 and -6, plus Astaxanthin, Vitamins A, B ₆ , C, D and Magnesium	EPA 340 mg DHA 220 mg GLA 100 mg	<ul style="list-style-type: none"> • Skin Health • Eye Moisture • Joint Health 	2 oblong softgels
