

DISCOVER THE POTENTIAL OF HEALTHIER LIVING.

BEST SELLERS + UNIQUE FORMULATIONS

PUSH YOUR POTENTIAL.

WELCOME TO DOUGLAS LABORATORIES®

For over 60 years, Douglas Laboratories has been dedicated to meeting the needs of healthcare professionals and is recognized as a leader in the development of high-quality, science-based, innovative nutritional supplements across 12 health functions that support healthy lifestyles. As the industry leader and pioneer in private label solutions, Douglas Laboratories can also help you seamlessly create your own uniquely branded product portfolio to meet the needs of your practice. Discover how Douglas Laboratories can help your patients push their potential to live healthier, today and in the future.‡

OUR COMMITMENT TO YOU

Douglas Laboratories products are formulated with the understanding that every patient is different and each healthcare professional leverages their own philosophy and clinical experience when addressing patient care. We use only the highest-quality, research-based, clinically validated ingredients to create safe, effective nutritional products for you and your health-conscious patients.

With one of the most comprehensive portfolios in the industry, Douglas Laboratories offers over 400 products across 12 health functions ranging from hormone and detox to bone & joint and beauty. Part of our mission is to help our healthcare professionals deliver optimal patient outcomes through personalized, evidence-based nutrition. In collaboration with leading medical experts, we have developed a series of clinical protocols to simplify and optimize assessment and supplement decisions, in order to achieve specific health goals.

Our uncompromising operational practices at our state-of-the-art manufacturing facilities surpass GMP standards and manufacturing regulations, and exceed the standards of the United States Pharmacopeia (USP) for supplement manufacturing. All of our products are GMO-free, and all raw materials are tested for identity, potency, microbial contaminants, and heavy metals.

PRIVATE LABEL SOLUTIONS

Exclusively designed by you, for your practice.

As the industry leader and pioneer in private label solutions, our program allows you to seamlessly create a uniquely branded product portfolio under an exclusively designed label, with our experienced design team supporting you each step of the way.

EDUCATION

An integral part of our mission at Douglas Laboratories is to help healthcare professionals advance their understanding of personalized, evidence-based nutrition to achieve optimal patient outcomes. Through collaborations with leading medical experts, we communicate the scientific benefits of our products through live seminars and webinars, and develop protocols to guide and confirm supplement recommendations for your patients.

Our website houses product selection guides, clinical protocols and recorded webinars, for round-the-clock access to accommodate busy schedules. Events are also posted online and through social media, making it easy to stay informed.

BEST SELLERS

Our research-based formulas target 12 key health functions to push your patients' potential to live healthier. To assist you in becoming more familiar with Douglas Laboratories products, we would like to introduce you to some of our best sellers. Get to know the products healthcare practitioners like you are dispensing the most. Whether you find your patients needing support for bone & joint, digestive, hormone, or more - we've got you covered.‡

AdrenoMend™

Formulated by Joseph J. Collins, R.N., N.D.*

HORMONE

A Hormone Specific™ Formulation of 10 highly valued herbal extracts with adaptogenic properties, AdrenoMend™ supports healthy, balanced adrenal gland function. This formulation is designed to promote optimal function of the adrenal glands and related regulatory systems.‡

FORMULA: 200529

B-Complex with Metafolin®

VITAMINS, MINERALS & AMINO ACIDS

B-Complex is a comprehensive formula including Metafolin®, Methylcobalamin Vitamin B₁₂, and Intrinsic Factor. Metafolin® contains only the S isomer of 5-MTHF and has been shown to be the only form of folate able to cross the blood-brain barrier. Studies indicate that methylcobalamin, a coenzyme form of B₁₂, may be better utilized and better retained in the body. Intrinsic factor is a protein produced by cells in the stomach lining and is needed for the intestines to absorb vitamin B₁₂ efficiently.‡

FORMULA: 200765

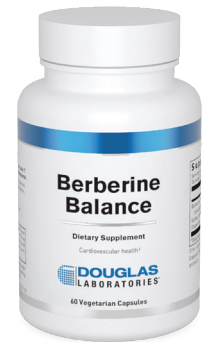

Berberine Balance

HEART & METABOLIC

Berberine Balance supplies berberine combined with alpha lipoic acid and grape seed extract for healthy blood sugar and cardiovascular support. Recent studies indicate that berberine, a naturally occurring alkaloid found in a number of plants, is an effective supplement for helping to maintain cardiometabolic health. Grape seed extract is a well-known antioxidant with heart health benefits, and alpha lipoic acid helps to support proper insulin function.‡

FORMULA: 201131

Boswellia-Turmeric Complex

BONE & JOINT

Boswellia-Turmeric Complex tablets contain a combination of three standardized botanical extracts: *Boswellia serrata*, turmeric root and devil's claw. This formula can help provide normal recovery support after exercise or activity of the joints and muscles.‡

FORMULA: INF

Citrus-Q10™ 100

HEART & METABOLIC

Citrus-Q₁₀™ 100 supplies naturally fermented coenzyme Q₁₀ in a great-tasting, natural citrus-flavored chewable tablet. Citrus-Q₁₀™ 100 is sugar-free, contains no artificial colors or flavors, and is suitable for vegetarians.

FORMULA: 200053

Corvalen®

HEART & METABOLIC

D-Ribose is a natural pentose sugar that is the backbone of the ATP molecular structure, which supports the body's natural energy production. D-ribose in ATP (adenosine triphosphate) is naturally present in every living cell in our bodies. D-ribose powder is highly soluble in either hot or cold liquids and tastes slightly sweet.‡

FORMULA: 57451P

DHEA 10 mg (Capsules)

HORMONE

DHEA capsules contain high purity micronized dehydroepiandrosterone (DHEA) produced under strict Good Manufacturing Practice (GMP) standards.

FORMULA: DHEA1

DHEA 5 mg (Tablets)

HORMONE

DHEA 5 mg dissolvable tablets contain high purity micronized dehydroepiandrosterone (DHEA) produced under strict Good Manufacturing Practices (GMP). Tablets dissolve in mouth.

FORMULA: 83025

DIM® Enhanced

HORMONE

DIM® Enhanced is a microencapsulated form of diindolylmethane with curcumin, green tea and wasabia, designed to support healthy estrogen hormone balance and immune health. BioResponse DIM® is a patented, absorption-enhancing formulation to ensure proper assimilation by the body.†

FORMULA: 202364

Livdetox™

DETOX

Livdetox™ tablets contain several lipotropic nutrients and herbal ingredients to help maintain liver structure and function, as well as support the liver's metabolism of fat.†

FORMULA: 7600

†Dr. Joseph Collins is a retained advisor to Douglas Laboratories.

Macu-Support

VISION

Macu-Support supplies a well-balanced spectrum of key nutrients that are important in maintaining normal retina and macula function in the eyes. Macu-Support contains important antioxidant nutrients including vitamin C, vitamin E, zinc, lutein and zeaxanthin, and is free of beta-carotene. These important nutrients have shown positive results for vision health in the AREDS 2 trial conducted by the National Eye Institute.‡

FORMULA: 202023

Melatonin 3 mg (Capsules)

SLEEP & RELAXATION

Melatonin 3 mg capsules contain 3 mg of high purity melatonin produced under strict Good Manufacturing Practices (GMP) standards.

FORMULA: 202274

Melatonin P.R. 3 mg

SLEEP & RELAXATION

Melatonin P.R. contains 3 mg of high purity melatonin in a prolonged-release tablet, formulated to slowly break down and release in the small intestine.

FORMULA: 83199

Methyl B₁₂ Plus

VITAMINS, MINERALS & AMINO ACIDS

Methyl B₁₂ Plus provides Metafolin® L-methylfolate and vitamin B₁₂ methylcobalamin in a great-tasting lozenge designed to be rapidly dissolved in the mouth and swallowed. Methylfolate and methylcobalamin are the predominant forms of folate and vitamin B₁₂ found in the body. Methyl B₁₂ Plus lozenges are sweetened naturally with xylitol and mannitol, and are flavored with natural black cherry and vanilla.

FORMULA: 202273

†These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

Methyl Folate 1,000 mcg Metafolin®

VITAMINS, MINERALS & AMINO ACIDS

Methyl Folate provides 1,000 mcg of Metafolin®, a patented form of (6S) 5-methyltetrahydrofolate (5-MTHF). 5-MTHF is the naturally occurring, predominant form of folate commonly found in cells and is essential for overall health, as it participates as a cofactor in a reaction that involves the remethylation of homocysteine to methionine. Metafolin® is directly usable by the body and has been shown to be the only form of folate to cross the blood-brain barrier.‡

FORMULA: 201181

Multi-Probiotic® 4 Billion

DIGESTIVE

Each Multi-Probiotic® 4 Billion capsule contains over 4 billion beneficial organisms, including representatives of both the *Lactobacillus* and *Bifidobacterium genera*, mixed in a base of prebiotic fructooligosaccharides.

FORMULA: 202449

Multi-Probiotic® 15 Billion

DIGESTIVE

Each Multi-Probiotic® 15 Billion capsule contains beneficial organisms from *Lactobacillus* and *Bifidobacterium genera* with additional benefits of prebiotic fructooligosaccharides.‡

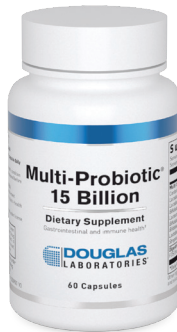

FORMULA: 200900

Multi-Probiotic® 40 Billion

DIGESTIVE

Multi-Probiotic® 40 Billion capsules contain 16 beneficial strains of *Lactobacillus*, *Bifidobacterium* and *Streptococcus* cultures, including the clinically researched *Bifidobacterium lactis* HN019 that supports gastrointestinal and immune function. Also included in the synbiotic blend is scFOS® prebiotic fiber, which is well tolerated and works synergistically with probiotics to flourish in the intestinal tract. These probiotics are resistant to both acid and bile and undergo a patented cryoprotectant stabilization process for shelf stability. Also available in powder format.‡

FORMULA: 202115

Optimized Curcumin with Neurophenol®

COGNITIVE & MOOD

This unique formula contains two clinically supported and trademarked ingredients: Longvida® Optimized Curcumin with extended absorption and bioavailability, and Neurophenol®, a proprietary blend of standardized blueberry and grape extracts.‡

FORMULA: 202524

Pregnenolone (25 mg)

HORMONE

Pregnenolone 25 mg contains high purity pregnenolone and is produced under strict Good Manufacturing Practices (GMP) standards. Tablets can be dissolved in the mouth or swallowed whole.

FORMULA: 83088

QÜELL® Fish Oil EPA/DHA Plus D

FOUNDATION

QÜELL® Fish Oil offers supercritical CO₂ extracted oils in triglyceride form, manufactured exclusively for Douglas Laboratories®. QÜELL® Fish Oil is unique among other fish oils due to its supercritical extraction, purity, bioavailability and concentration. Supercritical CO₂ extraction technology ensures that omega-3 fatty acids are extracted without high temperatures, oxygen or traditional chemical solvents. The result is a fish oil of exceptional purity that can deliver concentrated amounts of EPA and DHA in one serving. QÜELL® Fish Oil EPA/DHA Plus D provides a 3:2 ratio of EPA to DHA plus 25 mcg (1,000 IU) of Vitamin D₃ per softgel.

FORMULA: 200981

Ultra HNS

Hair, Nails, Skin Formula

Formulated by Shelena Lalji, M.D.*

BEAUTY

Ultra HNS supplies high-dose biotin, methylfolate, vitamin C, zinc and Cynatine® HNS, a patented, solubilized keratin for the health of hair, nails, and skin. Cynatine® HNS has demonstrated that it can improve the strength, brightness and appearance of hair, nails and skin, as well as reduce hair loss associated with washing.‡

FORMULA: 201345

Ultra Preventive® 2 Daily

FOUNDATION

Ultra Preventive® 2 Daily provides important vitamins and minerals plus antioxidant support from a proprietary phytonutrient blend of standardized spinach, blueberry and strawberry extracts, carotenoids, and methylated resveratrol in just 2 easy-to-swallow tablets daily. Astaxanthin is included as a carotenoid antioxidant for healthy aging. Activated forms of B vitamins in Ultra Preventive® 2 Daily ensure proper utilization of vitamins.‡

FORMULA: 201344

Ultra Preventive® X (Tablets)

FOUNDATION

Ultra Preventive® X, Douglas Laboratories' signature formula, has been updated with new and improved ingredients, including vitamin K₂ for bone and vascular health, bioflavonoids from quercetin, and alpha lipoic acid for healthy blood sugar metabolism. In addition, Ultra Preventive® X now contains an organic phytonutrient blend with polyphenols, increased choline content for methylation and liver support, increased lutein and zeaxanthin for vision health, three types of vitamin B₁₂, and improved mineral forms for bioavailability.‡

FORMULA: 202331

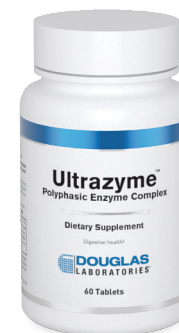

Ultrazyme™

DIGESTIVE

Ultrazyme™ is a dietary supplement specifically formulated with bile and active digestive enzymes from both animal and plant sources that act synergistically to assist in fat, protein, and carbohydrate digestion in the stomach and small intestine.‡

FORMULA: 7022

Vitamin D 5,000 IU

VITAMINS, MINERALS & AMINO ACIDS

Vitamin D contains 5,000 IU of vitamin D₃ per tablet.

FORMULA: 200562

Wobenzym® N

BONE & JOINT

The authentic German formula of enzymes, this well-known, classic enzyme preparation is designed to promote healthy joints and muscles, as well as systemic processes that contribute to the healthy aging process.‡

FORMULA: 201213

Wobenzym® Plus

BONE & JOINT

Wobenzym® Plus helps to maintain healthy joints, mobility and flexibility, and provides temporary relief from everyday aches, pains, and muscle soreness. This formulation also aids a speedy recovery following exertion.‡

FORMULA: 201910

Zinc Picolinate (Capsules)

VITAMINS, MINERALS & AMINO ACIDS

Zinc Picolinate tablets supply bioavailable zinc bound to picolinic acid. Each tablet contains 20 mg zinc, exclusively in the form of zinc picolinate.

FORMULA: 7440

*Dr. Shelena Lalji is a retained advisor to Douglas Laboratories.

UNIQUE FORMULATIONS

We are committed to pioneering new products to help patients achieve and maintain better health. Working alongside our clinical advisors allows us to ensure we are creating products that are not only backed by science, but also practical and clinically relevant. Douglas Laboratories is proud to offer the following uniquely formulated products including exclusive ingredients and co-formulations you won't find anywhere else.

Cardio MetX™ with GlucoPhenol®

HEART & METABOLIC

Cardio MetX™ with GlucoPhenol® is a unique formula of three branded ingredients that show clinical support for lipid metabolism, glucose metabolism, and insulin levels. GlucoPhenol® is a concentrated combination of strawberry and cranberry extracts selected for their high polyphenol content, studied in partnership with Atrium Innovations and Laval University.†

FORMULA: 202234

C8 Max MCT Powder

COGNITIVE & MOOD

A novel medium-chain triglyceride (MCT) powder, C8 Max MCT Powder delivers 10 g of MCT with 95% caprylic acid (C8) triglycerides.

FORMULA: 57743P

Endocrine Complete™

Formulated by Joseph J. Collins, R.N., N.D.*

HORMONE

A Hormone Specific™ Formulation that provides complete support of endogenous hormone production by the endocrine system, Endocrine Complete™ can be used as a foundation of hormone health with any of the Hormone Specific™ Formulations.‡

FORMULA: 202133

EstroMend™

Formulated by Joseph J. Collins, R.N., N.D.*

HORMONE

EstroMend™ is a Hormone Specific™ Formulation of synergistic herbs that supports important functions associated with optimal estrogen health.‡

FORMULA: 201353

EstroQuench™

Formulated by Joseph J. Collins, R.N., N.D.*

HORMONE

EstroQuench™ is a Hormone Specific™ Formulation of ingredients designed to quench excessive production of estrogens while supporting optimal function of androgens by maintaining the health of androgen-producing glands.‡

FORMULA: 202060

Eye Moisture Support

Formulated by Stuart Richer, O.D., Ph.D., FAAO*

VISION

This formula pairs omega-3 fatty acids from the QÜELL® Fish Oil Supercritical CO₂ extraction with GLA, plus antioxidants for healthy tear production, ocular moisture retention, and retinal health.‡

FORMULA: 202026

Female X Booster

Formulated by Shelena Lalji, M.D. & Joseph J. Collins, R.N., N.D.*

HORMONE

Female X Booster is a unique formula that supports many of the physiological mechanisms involved in maintaining female sexual health.‡

FORMULA: 202275

Gluten-Dairy Ultra Enzyme

DIGESTIVE

Gluten-Dairy Ultra Enzyme includes clinically researched enzymes Tolerase® G and BioCore Dairy® to support the digestion of gluten and lactose, in a natural berry-flavored chewable tablet.‡

FORMULA: 202467

Hemp Max with VESIsorb®

FOUNDATION

A broad-spectrum formula that includes 25 mg of cannabidiol (CBD), 10 mg of beta-caryophyllene (BCP), and other terpenes, Hemp Max with VESIsorb® offers pure hemp oil specially formulated with the VESIsorb® colloidal delivery system to provide enhanced absorption of its fat-soluble constituents.

FORMULA: 202523

Hydrolyzed Collagen Plus

BEAUTY

A unique formulation of collagen peptides with hyaluronic acid for skin and joint health, Hydrolyzed Collagen Plus promotes the production of collagen and enhances the absorption of moisture in the skin.‡

FORMULA: 57717P

Joint, Tendon, Ligament I

Formulated by Martin P. Gallagher, M.D., D.C.*

BONE & JOINT

Joint, Tendon, Ligament I contains unique ingredients to support joint function and ligament structure. Cynatine® FLX is a solubilized keratin. AprésFlex® is the next-generation *Boswellia serrata* extract providing enhanced absorption of AKBA for healthy joints.‡

FORMULA: 201691

Joint, Tendon, Ligament II

Formulated by Martin P. Gallagher, M.D., D.C.*

BONE & JOINT

This formula is designed to be used for musculoskeletal support. Joint, Tendon, Ligament I and II can be taken together for optimal results.‡

FORMULA: 201690

MCT/Butyrate Liquid with SunButyrate™

COGNITIVE & MOOD

This formula provides highly concentrated caprylic acid and butyric acid in a pleasant, lemon vanilla-flavored liquid featuring SunButyrate™, a novel ingredient that supports cognitive function and ketone production.‡

FORMULA: 57689

Melatonin 3 mg (Tablets)

SLEEP & RELAXATION

Melatonin 3 mg contains 3 mg of the pure melatonin, in a convenient and great-tasting dissolvable tablet.

FORMULA: 81322

*Our medical consultants are retained advisors for Douglas Laboratories.

‡These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

Microbiome Fiber

DIGESTIVE

A tasteless and odorless prebiotic hydrolyzed guar gum, Microbiome Fiber supports gastrointestinal health and is suitable for a low-FODMAP diet.‡

FORMULA: 57732P

Microbiome Protect™

DIGESTIVE

A combination of clinically studied IgY Max® immunoglobulins, LactoSpore® probiotic and α-gluco-oligosaccharide prebiotic, Microbiome Protect™ supports the microbiome of the gastrointestinal tract, in a convenient powder form.‡

FORMULA: 57733P

Muscle Protect™

with HMB®

BONE & JOINT

Muscle Protect™ with HMB® provides a great-tasting, leucine-rich blend of essential amino acids combined with HMB®, vitamin D₃, and glutamine for muscle maintenance. It also supports lean muscle mass and muscle function.‡

FORMULA: 57737P

QÜELL® Fish Oil Platform

FOUNDATION

QÜELL® Fish Oil, a suite of ultra-pure omega-3 fish oils, provides a concentrated triglyceride form of EPA and DHA in a fish gelatin softgel or soft chew. QÜELL® Fish Oil softgels utilize supercritical CO₂ extraction technology, yielding a fish oil of exceptional purity that can deliver concentrated amounts of EPA and DHA in one serving.

FORMULA: VARIOUS

Rest Reset™

Formulated by Penny Kendall-Reed, N.D.*

SLEEP & RELAXATION

Promotes a restful sleep with a unique combination of Lactium® casein decapeptide, passionflower, and melatonin.‡

FORMULA: 202401

Sereniten Plus

Formulated by Penny Kendall-Reed, N.D.*

SLEEP & RELAXATION

A combination of Lactium® casein decapeptide, L-Theanine and Vitamin D, Sereniten Plus supports the Hypothalamic Pituitary-Adrenal (HPA) axis and feedback loop for metabolic support, stress management and cortisol regulation.‡
