

# Iron+C Gummy

NATURAL RASBERRY FLAVOR

A great-tasting, convenient iron gummy containing bioavailable iron pyrophosphate—combined with vitamin C and B—to support:

Healthy red blood cell function<sup>‡</sup>

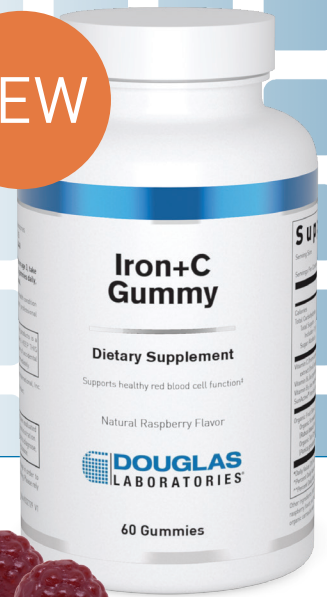

Healthy iron status to support cognitive function and healthy sleep<sup>‡</sup>

Physical performance and delayed muscle fatigue<sup>‡</sup>

NEW

A DELICIOUS WAY TO SUPPORT IRON LEVELS AND HEALTHY FOR PATIENTS AS YOUNG AS 3 YEARS AND UP!<sup>‡</sup>

## INGREDIENT BENEFITS

Iron is an important component of hemoglobin in red blood cells and myoglobin in muscle cells where it is required for oxygen and carbon dioxide transport. Healthy iron levels of at least 20-25 ng/mL have been associated with athletic performance, muscle strength and mitochondrial function.<sup>‡</sup>

In a clinical study, iron supplementation delayed the onset of muscle fatigue of the quadriceps femoris muscle group, which may support physical performance.<sup>‡</sup>

Iron requires an acidic environment for absorption in the duodenum and upper jejunum for subsequent transport. Vitamin C can promote an acidic gastrointestinal environment to properly dissolve iron for absorption and retain its non-oxidized form.<sup>‡</sup>

Support healthy iron levels and red blood cell function with this delicious, **Iron+C Gummy!**<sup>‡</sup>
