

Skin Protect[‡] with Lycopene

DESCRIPTION

Skin Protect[‡] delivers a clinically studied combination of the antioxidants carnosic acid, lycopene, phytoene, and phytofluene to promote smooth, healthy skin from the inside out, with free radical support for environmental stress.[‡]

INDICATIONS

- Supports the skin’s defenses to environmental stress.[‡]

FUNCTIONS

Our skin is the largest organ in the human body with the important role of shielding sensitive tissues from damage. There is increasing research showing that antioxidants such as carotenoids and tocopherols may be supportive in preserving healthy skin. Natural carotenoids have been shown to support the skin better than synthetic lycopene. Tomato fruit extract contains a natural source of the carotenoid lycopene as well as other phytonutrients like phytoene and phytofluene, as antioxidants. The combination of lycopene, phytoene, phytofluene and carnosic acid supports skin health and appearance, helps balance our skin’s response to environmental stress and supports the maintenance of natural collagen.[‡]

Premature aging of the skin is measured by parameters such as roughness, scaling, smoothness, and wrinkling of the skin. Lycopene and α-tocopherol support the skin’s defenses to environmental stress. The presence of lycopene in the skin may also correlate to decreased roughness of the skin surface. Research has shown that volunteers with higher lycopene levels in their skin were shown to have less skin roughness as measured by skin imaging lines and wrinkles. Lycopene supplementation was also shown to support skin density and thickness.[‡]

FORMULA (#202277)

Serving size 1 softgel:

| | |
|--|--------|
| Standardized tomato fruit extract | 200 mg |
| Providing: | |
| Lycopene | 7.5 mg |
| Natural mixed tocopherols | 2.8 mg |
| Phytoene and phytofluene | 2.9 mg |
| Carnosic acid (from rosemary leaf extract) | 2 mg |

Other ingredients: Bovine gelatin, medium chain triglycerides, glycerin, purified water, annatto extract.

Gluten-Free, Non-GMO

Lycored Nutrient Complex Technology Inside. Lycored Nutrient Complex is a registered trademark. US Patents: 5,837,311; 6,797,303 82; 5,965,183; 2010/023256 A1.

SUGGESTED USE

Adults take one softgel, twice daily with food, or as directed by a healthcare professional.

SIDE EFFECTS

No adverse side effects have been reported.

STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
