

## Unique Featured Ingredients

### **IgY Max®**

Contains strain-specific antibodies against 26 human-relevant bacteria. Clinical data suggest that IgY supports microbial balance in the GI tract.‡

### **LactoSpore® *Bacillus coagulans***

Supports the homeostasis of the intestinal mucosa by supporting the optimal environment for healthy bacteria to flourish.‡

### **α-Gluco-Oligosaccharide (vegetarian)**

Supports the homeostasis of the intestinal mucosa and bacterial balance. Research indicates that digestive comfort improved, Lactobacilli and Bifidobacteria increased and SCFA and β-defensins production was stimulated.‡
